

T-Screen Multi Interactive System

Smart Office

Intelligent Classroom

Basic & Advanced Series

65", 75", 86", 98"

Powerful Hardware

& Software System

Ultra HD Display

Customizable 48MP Camera & Interface 8 Mic Built-in

Wireless Screens-Sharing

Enhanced Interactive Whiteboard Professional Video Conferencing Device Humanized Teaching Interface

ELEVATE YOUR INTERACTIVE SCREEN EXPERIENCE WITH T-SCREEN

An all-in-one solution designed with professional image engine and dedicated software that allows for a whole new level of multi-interactive system experience. The T-Screen delivers a noticeable enhancement to your presentations, making it ideal for web conferencing, exhibitions, advertisements, whiteboarding, and more.

Usage Scenario

Highlight Features

Powerful Hardware & Software System

Experience powerful performance with a robust processor that delivers efficient multitasking and responsiveness. Equipped with WiFi 6, Bluetooth 5.0, and Android 14.0, it ensures seamless connectivity and smooth operation.

Zero Bonding Technology & Anti-Glare

Zero bonding technology effectively reduces air refraction and parallax for enhanced visual clarity. The high-strength, anti-glare tempered glass minimizes scratches, ensuring long-lasting durability.

Interactive Whiteboarding

Enjoy seamless whiteboarding with 40-point touch sensitivity, 1mm writing accuracy, and ultra-low latency. With the intelligent recognition feature, convert your handwritten notes into digital text effortlessly.

Wireless Screens-Sharing

The WebCast feature enables effortless screen sharing without software or drivers. Easily duplicate your screen to T-Screen and connect up to 9 devices simultaneously for a versatile, multi-screen experience. Perfect for dynamic presentations and team discussions.

UHD Display & Colour Gamut

Ultra HD 3840 x 2160 widescreen resolution display for outstanding colour brightness and content clarity with best visual results.

Superior Video Conferencing

With a 48MP camera and 8 built-in microphones, enjoy exceptional audio and visual clarity in your video conferencing. In addition, the face and voice tracking and built-in AI noise reduction enhance every call for a professional and efficient experience.
